

## Screening Consent Form

The Ages and Stages Questionnaire-3 (ASQ-3) is a screening tool that asks questions about your child's overall and social emotional development, looking at how children are doing in the important areas of communication, physical ability, problem solving, and personal-social skills.

These screens can help identify your child's strengths as well as any areas where your child may need support. The screening should take about 10-20 minutes to answer questions about your child.

Your individual information is protected to ensure confidentiality. Information is entered on a web-based database that is secure and password protected. Identifying information from the screen will be seen only by the developmental screening specialist, who scores your screening and provides the results to you and the teacher.

General information about the ages and results of children's screening scores are computed at the Oakland Intermediate School District in order to better understand the strengths and challenges of the children living in Oakland County.

I have read the above description and give Great Start Oakland and Little Treasures consent to screen my child(ren).
